Academic Record

Fellow American Academy of Pediatrics	:	2013 American Academy of Pediatrics
Fellow Royal College of Pediatrics and Child Health	:	2012 Royal College of Pediatrics and Child Health, UK
Fellow of Royal College Of Physicians, London	:	2012 Royal College of Physicians, London
Fellow of Royal College of Physicians and Surgeons, Glasgow	:	2010 Royal College of Physicians and Surgeons, Glasgow
Fellow of Indian Academy of Pediatrics	:	2010 Indian Academy of Pediatrics
Fellow of International Medical Sciences Academy	:	2009 International Medical Sciences Academy
Fellowship in Pediatric Gastroenterology, and Hepatology	:	1995 - 1997 Institute of Child Health, University of Hepatology and Nutrition Birmingham and Birmingham Children's Hospital, U.K.
Post graduation in Pediatrics	:	1992 - 1995 MD in Pediatric Medicine from Lady Hardinge Medical College associated Kalawati Saran Children's Hospital, New Delhi
House Job	:	January 1992 - June 1992 Family Welfare Centre (Male) at LNJP Hospital, New Delhi which is a WHO Centre of Excellence for No Scalpel Vasectomy and Microsurgery

Compulsory Rotatory Internship : **January 1991 - December 1991**
Maulana Azad Medical College associated LNJP
Hospital and Guru Nanak Eye Centre, New Delhi

MBBS : **July 1986 - December 1990**
Maulana Azad Medical College, New Delhi.

Schooling : **1974 - 1980**
Burn Hall School, Srinagar,
Jammu and Kashmir

1980 - 1984
Central School, Cantt Srinagar

1984 - 1986
Central School, Andrews Ganj
New Delhi

Work Experience

Current Position

- Group Medical Director, Apollo Hospitals Group since September 2005
- President, Global Association of Physicians of Indian Origin (GAPIO) since January 2020 - 22
- Honorary Clinical Professor at Macquarie University, Sydney, Australia since June 2015
- Senior Consultant Pediatric Gastroenterologist and Hepatologist, Indraprastha Apollo Hospital, New Delhi since 1997

Current Responsibilities

Group Medical Director, Apollo Hospitals Group

Apollo Hospitals Group has 73 hospitals, more than 450 clinics with a presence in quaternary care, tertiary care, secondary care, primary care, IT, education, research, project consultancy, pharmacy retailing and telehealth.

Responsible for all clinical services including launch of new services, recruitment, credentialing, privileging of consultants, outcome measurement, patient safety and quality improvement. Oversight of clinical governance through 15 multidisciplinary committees including:

Ethics Committee
Clinical Audit Committee
Medical Audit Committee
Credential Committee
Appraisal Committee
OT Committee
Drug and Therapeutics Committee
Transfusion Committee
Death Review Committee
Infection Control Committee
Quality Steering Committee
Ethics Committee for Clinical Trials
Medical Records Committee
Code Blue Committee

Clinical Excellence and Quality Improvement

Guiding the quality improvement initiative for the Group – 8 Apollo Hospitals have been accredited by Joint Commission International (JCI), USA, the largest by a private hospital group in the region

Helped create and implement:

- Apollo Clinical Excellence (ACE@25) - a clinical balanced scorecard which has been written up as a case study for MBA Programs
- The Apollo Standards of Clinical Care (TASCC)
- Apollo Quality Program (AQP)
- Apollo Mortality Review (AMR)
- Apollo Quarterly Clinical Audit (AQCA)

Apollo Clinical Excellence (ACE)

ACE is a balanced clinical scorecard which was launched in 2009 as ACE@25 and incorporates 25 clinical parameters. ACE @25 has undergone four revisions and during the last revision in 2023, it was renamed as ACE@40 and now it incorporates 40 clinical parameters which are benchmarked against the world's best published outcomes. For example, the CABG survival figures are bench marked with Cleveland Clinic (99.5%). ACE@25 was published as a case study by the Ivey School of Business, Canada. ACE 3.0, a new version of ACE, implemented in September 2024, incorporates 35 parameters that includes 5 process related parameters.

The Apollo Standards of Clinical Care (TASCC)

TASCC was implemented across all Apollo Hospitals in April 2012. It encompasses six initiatives - Clinical balanced scorecards, ACE 1 and ACE 2, Apollo Quality Program (AQP), Apollo Mortality Review (AMR), Apollo Incident Reporting System (AIRS) and Apollo Critical Policies Plans and Procedures (ACPPP). The TASCC monthly scorecard comprises of the scores for each of these initiatives plotted as a hexagon. The target each month, for every hospital, is to achieve the perfect hexagon.

TASCC was revised in 2018 and thereafter upgraded in 2022 to include eight initiatives - Clinical balanced scorecards, ACE@40 and ACE 2, Apollo Quality Program (AQP), Apollo Mortality Review (AMR), Discharge summary compliance, Clinical Governance / Apollo Learning Together, ICU Checklist and Safe Surgery Checklist.

Apollo Quality Program (AQP)

To bring uniformity in the quality of care across the hospitals, the Apollo Quality Program was initiated in 2012. The Apollo Quality Program includes implementation of standardized methodology for Clinical Handovers, International Patient Safety Goals, Surgical Care Improvement and Zero Medication Errors. Revised in 2022, the AQP includes Effective Communication, International Patient Safety Goals, Surgical Care Improvement, Medication Management and Blood Transfusion Safety and Medical Records Compliance.

Measured as a dashboard of 20 parameters, it has resulted in improvement in patient safety processes across Apollo Hospitals. It has been published in the official journal of the International Hospitals Federation as well as the Journal of Patient Safety and Risk Management. AQP has been presented at various prestigious international forums such as the ISQUA and the Hospital Management Awards (HMA).

Apollo Mortality Review (AMR)

The mortality review in all Apollo Hospitals has been standardized with trigger criteria, checklists and peer review processes. A structured review of deaths (not just 'unexpected' deaths) helps detect quality issues that would otherwise remain hidden, particularly around every day processes of care.

The Apollo Quarterly Clinical Audit (AQCA)

An unannounced Clinical Audit Program-The Apollo Quarterly Clinical Audit (AQCA) was launched in October 2022 to help understand whether systems and protocols are working on the ground and also help identify errors/fallacies within the captured data. AQCA auditors team comprising of 25 auditors (all doctors) are conducting the audit of all 16 programs covered under Apollo Clinical Excellence Success Score (ACCESS). AQCA audit findings are shared with the COQR team for discussion with the concerned Medical Heads during the monthly review meetings. Necessary input and guidance are given to the respective Medical Heads which helps in resolving the issues identified.

Apollo Quality and Innovation Awards

Conceptualized the annual Apollo Innovation and Quality awards.

The aim of these awards is to promote excellence through sharing innovative practices in clinical services, finance, operations, environment, community service and human resources across the Group.

Apollo Clinical Awards

This platform felicitates and rewards group consultants for their contributions and achievements. Nominations are invited from all locations in eleven categories: Distinguished Clinician, Distinguished Academician, Distinguished Researcher, Lifetime Achievement Award, Clinical Pioneer Award, Apollo Clinical Trailblazer Award, Clinical Innovator Award, Young Clinician Achiever, Young Academic Achiever, Young Researcher, Promising Young Clinician.

International Congress on Patient Safety (IPSC)

Helped curate the Apollo International Congress on Patient Safety (IPSC) in 2011 which has become the most sought-after annual forum on Patient Safety in Asia.

IPSC is organized annually and attracts faculty and delegates from more than 20 countries. The last congress in 2025 attracted more than 2500 delegates.

IPSC has been privileged to have had the support of knowledge partners such as International Society for Quality in Healthcare (ISQua), Joint Commission International (JCI), World Innovation Summit for Health (WISH), Royal College of Physicians London, the APAC Forum, International Consortium for Health Outcomes Measurement (ICHOM), National Accreditation Board for Hospitals (NABH), Academy of Hospital Administration, Society of Emergency Medicine to name a few.

National and International Awards

Oversight of national and international award programs. In 2024, Apollo Hospitals won 86 International and National awards.

Academics

Post Graduate Medical Education

Helped expand the academic program from 3 locations to 24 Apollo hospitals accredited by the National Board of Examination (NBE). With more than 1300 trainees undergoing training in 56 specialties and super specialties, 4% of all NBE trainees in India train at Apollo Hospitals.

Helped in the establishment of Apollo Institute of Medical Sciences and Research (AIMSR) Hyderabad and Chittoor.

Apollo Medicine

As Executive Editor, launched Apollo Medicine (ISSN No. 0976-0016), the official journal of the Apollo Group in 2004. The journal is published in collaboration with SAGE in both print and electronic formats. The journal has a panel of 1300 reviewers. It is published quarterly and is distributed to all consultants of the Apollo Hospitals Group, 400 Medical Colleges and various subscribers around the world. Current and all previous issues of the journal can be accessed at <https://in.sagepub.com/en-in/sas/apollo-medicine/journal203871>. The journal is indexed by the Directory of Open Access Journal (DOAJ) and is recognized by the National Medical Commission (NMC), India.

President, Global Association of Physicians of Indian Origin (GAPIO), 2020 – 22

Created a global collaboration to bring together 1.5 million physicians of Indian origin from 54 countries on one platform.

Elected as the President of Global Association of Physicians of Indian Origin (GAPIO) in January 2020 after serving as the Vice President (2017 – 2020) and Secretary General (2014 – 2017).

Launched The Global Indian Physicians COVID-19 Collaborative on 11th April 2020.

Initiated 15 programs:

Advocacy - conceptualised 6 position papers that shall have a far reaching impact on graduate medical, post graduate medical, nursing, allied health education in India

Instituted six categories of awards to recognise global Indian doctors

Developed clinical knowledge, leadership and mentorship programs

Established women's health, innovation and mind body and soul equilibrium programs

Apollo Hospitals Educational and Research Foundation (AHERF)

Strengthened the research initiatives of the Apollo Hospitals Educational and Research Foundation (AHERF).

Professorship

Appointed as an Honorary Clinical Professor at Macquarie University, Sydney in Australia in 2015.

Senior Consultant Pediatric Gastroenterology and Hepatology

Appointed as a Senior Consultant at the age of 29, the youngest ever Senior Consultant in the Apollo Group in 1997.

Established the division of paediatric gastroenterology and hepatology, the first in the private sector in India at Apollo Hospital, Delhi in 1997.

Created the first nationally approved 2-year training fellowship (Fellowship of NBE) in India in 2014, the first annual hands-on pediatric endoscopy course in South Asia in 2014 and the first annual training program for pediatric gastroenterology hepatology and nutrition in India in 2011.

Helped set up the first successful pediatric liver transplant program in India in 1998 at Apollo Hospitals, Delhi. The Apollo Transplant Program has been the busiest solid organ transplant program in the world since 2012. The Apollo Liver Program has now performed more than 4910 transplants, including 602 children.

Board Experience

Apollo Health and Lifestyle Ltd. (AHLL) since 2015. AHLL runs the largest network of primary care clinics, diabetes (Apollo Sugar), dialysis, day care surgery, birthing and dental centres. AHLL has made a foray into diagnostics and has established a chain of diagnostic centres.

Apollo Telehealth Services Private Limited since 2015. The Apollo Telemedicine network with a presence in 48 countries, 25 Indian states and more than 100 cities and has to its credit path breaking initiatives such as Telemedicine in Himalayas (> 10000 ft), the e Urban Health Centre, the e Ophthalmology, the e Aushdhi (medicines), the e Radiology and e ICU programs.

Medvarsity Online Limited since 2015. Medvarsity has grown to become Asia's largest healthcare Ed Tech company with 150 programmes having trained 200,000 health professionals.

Past Positions

- **Adjunct Professor of Pediatrics, School of Medicine, University of Queensland, Brisbane, Australia** since June 2009 – June 2015
- **Member of the Institute Body (IB) of Postgraduate Institute of Medical Education and Research, (PGIMER) Chandigarh, 2009 - 2014**
IB is the highest decision-making body of PGIMER headed by the Union Cabinet Minister for Health. PGIMER has consistently been ranked in the top 3 public academic health institutes in India.
- **Director Medical Services, Indraprastha Apollo Hospital, New Delhi, 2003 - 2005**
Credited with coordinating the first international accreditation of a hospital in India in 2005 by JCI. Apollo Delhi was only the 6th accredited hospital in Asia at the time. Recruited key specialists and expanded clinical services which resulted in bed occupancy going up from 338 to 486 (43% increase).
- **Joint Commission International Physician Surveyor 2008 – 2010**
Joint Commission International (JCI) based at Chicago is considered as the gold standard in international healthcare accreditation.
As a physician surveyor, responsible for surveys of hospitals in Asia, Europe and Latin America for JCI accreditation.
Only Asian physician surveyor in the group of 14 international physician surveyors.
- **Medical Advisor and Director Medical Services Designate, Indraprastha Apollo Hospital, November 2002 – February 2003**
- **Fellowship in Pediatric Gastroenterology Hepatology and Nutrition**
In September 1995, commenced training at the Institute of Child Health, University of Birmingham and the Birmingham Children's Hospital. The Institute of Child Health is widely regarded as one of the best centers providing comprehensive gastroenterology services and nutritional care in Europe. The Liver Unit at the Birmingham Children's Hospital is a well-established center of excellence providing tertiary level service in hepatology including a liver and small bowel transplantation service. More than 500 liver transplants had been performed there and this was the only unit in the U.K. performing small bowel transplantation in 1995. This Fellowship combined training in clinical gastroenterology, hepatology and nutrition, acquisition of practical skills and research.
- **Post-Graduation in Pediatric Medicine (MD)**
In June 1995 completed a three year post graduate (MD) Pediatric Medicine course at the Lady Hardinge College is associated Kalawati Saran Children's Hospital (KSCH) in New Delhi. KSCH has 350 beds with a 75 bedded Neonatal Unit, a level III Nursery, a Pediatric Intensive Care Unit, specialty clinics in gastroenterology, haematology, oncology, nephrology, neurology and development. KSCH serves as a referral center for whole of north India.
- **House Job**
In the six month house job learnt the technique of No Scalpel Vasectomy and performed 40 such operations independently.
- **Internship**
Rotations through the departments of Medicine, Surgery, Obstetrics and Gynaecology, Pediatrics, Community Medicine, Orthopaedics, Ophthalmology, Otorhinolaryngology and Anaesthesiology during a 12 month period.

Academics and Research Experience

Edited a textbook in Pediatric Gastroenterology and Hepatology and Nutrition, published by Jaypee Brothers and Publishers Ltd. 2015

Executive Editor of Apollo Medicine, the quarterly journal published by the Apollo Hospitals Group

Member of Editorial Board of Indian Journal of Pediatrics

Guest editor of the special **symposium on hospital-based nutrition** of the **Indian Journal of Pediatrics 2002; 69(2)**

Guest editor of the special **supplement on Gastroenterology, Hepatology and Nutrition** of the **Indian Journal of Pediatrics 1999; 66: SS1**

Training of DNB students in Pediatric hepatology and gastroenterology

Coordinator for the 4 Working Groups for the **Fourth World Congress of Pediatric Gastroenterology, Hepatology and Nutrition (WCPGHAN 2012) at Taipei, Taiwan in November 2012.**

Commonwealth representative on the 8 member International Working Group on Liver Transplantation. This position paper was presented at the Third World Congress of Pediatric Gastroenterology, Hepatology and Nutrition held at **Iguassu Falls, Brazil in August 2008.**

Commonwealth representative on the 8 member International Working Group on Acute and Chronic Hepatitis. This group prepared a paper to prioritize research activities in this field. This position paper was presented at the Second World Congress of Pediatric Gastroenterology, Hepatology and Nutrition held at **Paris in July 2004.**

Asian representative on the 8 member International Working Group on Liver Transplantation. This group prepared a paper to prioritize research activities in liver transplantation in the new millennium. This paper was presented at the First World Congress of Pediatric Gastroenterology, Hepatology and Nutrition held at **Boston in August, 2000.**

Established the **first National Board approved training program (FNB) in Pediatric Gastroenterology in India in 2014.** Trainees from the first FNB program in Pediatric Gastroenterology that he established, have gone on to establish pediatric gastroenterology in different parts of the country.

Two **position papers were published in the journal Indian Pediatrics** as a result of the roundtable conferences he organized to standardize care for children with liver failure and babies with jaundice.

Organized 64 conferences, published 171 research papers and delivered > 400 lectures nationally and internationally.

The **10 postgraduate conferences and Endoscopy workshops** he organized have **helped several thousand trainees.**

Interests

Motivational Speaker

Recognized as a motivational speaker nationally and internationally on leadership and new age parenting.

UNICEF and ICCW

Produced a video film entitled: 'Breast Feeding - Why and How', for the promotion of breast feeding. This film is being distributed throughout the country by UNICEF and the Indian Council of Child Welfare. The **film was released by the First Lady of India, Smt. Vimla Sharma ji on August 4, 1994** at the Rashtrapati Bhawan.

Regularly commented on different aspects of **child health** in the **print and electronic media** (India Today, Outlook, The Week, Parenting, major English and Hindi newspapers, Good Morning India, Moneywise, India Matters, Star News, CNBC, NDTV, Aaj Tak, Sahara, Zee News).

WHO

Worked on a WHO Programme of video education for under achievers in medical schools, in the capacity of research and commentary.

Indian Academy of Pediatric s (IAP) and Indian Medical association (IMA)

Commentary for twelve audio cassettes produced by IAP and IMA as part of IAP - IMA programme of Pediatrics for Family Physicians.

Director of Children's Liver Disease Awareness and Support Programme - CLASP (1999 -2010), a foundation for children with liver diseases. In 1999, CLASP launched an awareness campaign called "**Yellow Alert**" to promote early diagnosis of liver disorders in babies. In 2000, CLASP focused on **prevention of viral hepatitis**. CLASP has produced four booklets for distribution throughout the country: "Yellow Alert", "ABC of viral hepatitis", "Liver transplantation in children" and "Liver disorders in children".

Weekly column on childhealth called "growing pains" in **HT City**, the Hindustan Times supplement, the **largest selling English daily** in North India from January 2000 – June 2001.

Monthly column on childhealth called " Q&A Child Health " in B Positive Magazine supplement since 2009 – 2012.

NDTV Good Times

Four episodes of No kidding dealing with issues pertaining to child health.

Good Morning India on Star Plus

A series of 7 programmes on liver and gastrointestinal diseases in children.

Doordarshan

Anchorperson for "Health Show" commissioned by Doordarshan which looked at health from the common man's perspective. Thirteen episodes were telecast in 1999-2000.

Compered 175 programmes on Doordarshan from 1980-1994.
